

Klimax Solo 500

Linn's best-ever compact mono amplifier

INTERNAL USE ONLY

With Klimax Solo 500, our latest top-tier innovations powerfully coalesce into the best compact monoblock amplifier we have ever made.

The holistic approach to its design has culminated in an amplifier that performs optimally from the moment it's powered on for the first time, and throughout its long lifespan; an amplifier that can be driven hard for protracted listening sessions of wildly dynamic material, and yet remain silently cool; an amplifier with huge available power, devastatingly low noise floor, and eighty-five times lower distortion measurements than the one it replaces.

Solo 500 is a small amp, with big credentials.

Key points

- **Adaptive Bias Control** persistently applies ideal bias current
- **Hybrid Cooling Matrix** with intelligent fan management
- **85x** lower THD+N measurements than original Solo
- Incredible **Build Quality** with brand-new high design casework and details
- **Utopik** featuring auto-voltage rails

Klimax Solo 500	
Number of Channels	One
Max Output	500W into 4Ω
	250W into 8Ω
Max Input	1 kW
Amp Technology	Adaptive Bias Control
Power Supply	Utopik
Inputs	x1 RCA Phono
	x1 Balanced XLR
Passthrough	x1 RCA Phono
	x1 Balanced XLR
Speaker Outputs	x2 Banana/Spade/Binding posts
Output Impedance	0.01Ω at 1kHz
THD+N, 8Ω	0.0004% 1kHz 250 W
THD+N, 4Ω	0.0005% 1kHz 500 W
Finishes	Silver or Black anodised
Dimensions	350mm (W) x 88.5mm (H) x 364mm (D)
Weight	10.6 kg
