

SECRET ICT4

FINISH : BLACK WITH WHITE GRID

SECRET is a range of in-ceiling and in-wall speakers that delivers high quality sound that fits in. Thanks to an ultra-slim magnetic grid, the SECRET speakers disappear to make room for the music.

Suitable for both commercial and private interiors, the SECRET speakers are highly versatile and offer an easy set-up to everyone.

ICT4 is the most compact model of the range. It features a 4 inches midrange/bass driver and provides power handling of 90W.
